ONE MONTH EARLIER THAN USUAL

The Annual Furniture Sale Commenced This Morning

With the Same Splendid Savings That Always Characterize This Event

10 to 33 1/3 Per Cent Actual Reductions

In the advancing of this sale one month, there are several important factors that to us have made the change advisable, and we believe will be fully appreciated by our patrons.

FIRST—

The large receipts of Furniture from orders that were placed, some as long as two years ago, and which we had never expected to receive, has brought our stock to the point where it must be reduced at once.

SECOND—

In view of the approaching inaugural ceremonies, and the preparations which many of our patrons will make to receive guests, we thought it well to begin this sale early enough to allow them the necessary time to complete all their arrangements, and at the same time to get the best at prices that really mean an economy.

THIRD—

Although up to this time, the manufacturers' prices show no appreciable tendency to decline, we believe it to be a part of our service to the public to make Furniture Prices as Low as Possible, and determined to do so right at the beginning of the 1921 business year.

The stocks are exceedingly well selected; the designs represent all that is best and most acceptable in Furniture. Each piece and suite in the Sale bears the Yellow Sale Tag, and you are invited to look for it and buy by it.
